SUMMARY

Flutter Developer pursuing B.Tech in Computer Science Engineering at VIT Vellore, proficient in clean architecture, Firebase integration, and BLoC pattern. Created 6+ cross-platform apps and published the app "Huddle" on Google Play Store.

TECHNICAL SKILLS

- **Mobile Development:** Flutter, Dart, UI/UX Design, Cross-Platform Development, Material Design.
- **State Management:** BLoC Pattern, Provider, Riverpod.
- **Backend & Database:** Firebase Authentication, Firestore, Firebase Storage, REST APIs.
- **Local Storage:** SharedPreferences, SQLite.
- **Version Control & Tools:** Git, GitHub, VS Code, Android Studio, Firebase Console.
- **Programming Languages:** Dart (Advanced), C/C++ (Intermediate), Python (Intermediate), MATLAB (Basic).
- **Architecture:** Clean Architecture, MVVM, SOLID Principles.
- **Professional Skills:** Agile Methodology, Team Collaboration, Problem-Solving.
- **Languages:** English, Hindi, Punjabi.

PROJECT EXPERIENCE

Flutter Developer - Huddle (Roommate Coordination App)

October 2024 - February 2025

Personal Project

[Play Store Link](#)

- Built to help manage room coordination for students by enabling real-time status updates and push notifications.
- Achieved 100+ active users on Play Store, streamlining hostel life and reducing conflicts.

Flutter Developer - Expense Tracker

February 2025 - March 2025

Entry Task Project

[GitHub Repository](#)

- Created to demonstrate state management, user-friendly design, and budget tracking tools.
- Helped secure my spot in CodeChef VIT's AppDev team, showcasing my development expertise.

Flutter Developer - Cravel (Travel App)

August 2024 - September 2024

Smart India Hackathon 2024

[GitHub Repository](#)

- Developed to highlight hidden travel gems and provide reporting tools for tourists.
- Led the project solo after initial team dissolution, showcasing my capability for independent project development.

PROFESSIONAL EXPERIENCE

App Development Member

February 2025 - Present

CodeChef-VIT Student Chapter.

- Design and maintain Flutter-based applications for campus activities.
- Optimize app performance and collaborate with peers to ensure user-friendly interfaces.

Junior App Developer

February 2025 - Present

IEEE-CS VIT.

- Assist in app development for chapter initiatives, ensuring clean and efficient code.
- Maintain clean code practices aligned with Flutter guidelines and explore React Native.

ACHIEVEMENTS & CERTIFICATIONS

- Published "Huddle" on Google Play Store; garnered 100+ active users within months.
- [LinkedIn Dart Clean Code](#) certification for mastering SOLID principles.
- Represented VIT in Smart India Hackathon 2024 with "Cravel" travel app project.
- Deliver functional, responsive mobile apps using Flutter best practices.

EDUCATION

Bachelor of Technology in Computer Science Engineering
Vellore Institute of Technology, Vellore

July 2024 - Present
(Expected 2028)
